POEMS

My Little Balloon

Little balloon, Little balloon
I love you so much,
So much.....
You fall down ,
The window was open,
You wait my little balloon,
I am coming to pick you up,
Yee.... Got you....
Little balloon, Little balloon,
I love you.....

Class 1F

The Rainbow

When the sun rises,
The rainbow shines.
It has seven colours,
Which sparkles in the rain.
I wish I were a fairy,
And I could fly to touch the rainbow.

Keziah Ponnu Naveen

Class: 2 F

Locked down with my lovely pets!!

Fish are cute. Fish are nice.
Parrots are fluffy. Parrots are wise.
Can you guess how many pets I enjoy?

A little parrot whose name is Roy.
We also call him Munna Bhai.

A pair of ringnecks named Ruby and Robin.

And a number of fish with each having a colourful fin.
They wake me up every morning
and fill my life with fun.

I help clean their cages in the evening.
That's when they give me a good run.

My parents told me they will live up to fifty.
So, I spend good time with them, even if they are naughty.

Sreedevi Subramani
Class: 2 N

All the best My Peko

Peko, my sweet little pigeon,
I miss you all these days .
I remember the day I spotted you hatching out,
Inside a flowerpot at the right corner of my balcony.

I think of your chirping sounds and beady eyes,
Soft white feathers in shades of light brown.
The first steps of flying on the handrails of my balcony,
And I feed you with grains, bread and water.

I wish you never learnt to fly and go away
Always be my pet in my balcony ever.
I recall my moms words - One day she will fly away,
You start your new journey, All the best My Peko!

Jon Joe Thaliath

Class: 2 C

Let's Celebrate

Thank you for all the
Hours you spend,
Attention you give,
Needs that you tend,
Knowledge you passion,
Your special touch,
Offering guidance,
Undaunted by much,
Time you spend planning,
Efforts you make,
Angels to learning,
Chances you take,
Here's to our teachers,
Each one a gem,
Recognized now, we
Salute them!!!

A Little Butterfly!

I am a little butterfly!
I have many colours
I fly my wings, I spread upon the air I
glide

I' m a little butterfly!
I' ve many designs in my wings
I' m beautiful and colourful insect
I' m proud of myself
I'm a little butterfly!

I love flowers, I love nature
It' s my home which I love to live more
I' m a little butterfly!
I' ve a little span of life to live
I' m a little butterfly loves to fly
high..... 

Noman Shaik

Class 1-E

Rainbow

Rainbow Rainbow
Don't go Don't go
Rainbow Rainbow
From where you bring your colours
From where you get this bright glow
Rainbow Rainbow
Don't go Don't go
Rainbow Rainbow
Your colour reminds me of happiness
Your shape teaches me to bow
Rainbow Rainbow
Don't go Don't go
Rainbow Rainbow
You come with a wide smile
You come for a special show
Rainbow Rainbow
Don't go Don't go
Rainbow Rainbow

Corona

An instance of full lockdown.
A distance from everyone.
Masks and gloves to protect us.
Together we can confront this.

Let us hope that all is well.
Let us pray for the better world.
Let us remember the health workers.
Together we can salute them.

Savion Jacob Shaji

Class: 1 I

Bunny My Pet

I have a pet bird,
Whom I call Bunny.

Her colour is so white ,
That makes her beauty.

Millet is what she loves to eat,
And this is what I feed her everyday.

There are friends in her cage,
With whom she loves to play alot.

Her chirping is so sweet for my ears,
And I feel its like a song for me.

Aarav Sooraj
Class: 2 L

Friend

The day I met you,
The day we became close.

The day we held hands,
The day we became best friends.

Will it be much longer? I don't know.
Will it be for several years! I don't know.

Of the tens of thousands of memories we shared,
There isn't a day, where I don't think of you.

You are my best friend!!
You are my best friend!!

Midhun Aarush. K

Class: 2 I

My Promise

Every day I do my best,
To keep up my promise!
I want to make myself happy.
I want to make everyone happy too.
I promise to take care of my parents.
I promise to be nice to my little brother.
I promise to be a good child to my parents,
A good student to my teachers,
And a good person to my society.
I promise to get rid of bad habits in me,
To bring out the best in me.
I wish not to forget my promises,
But to keep it forever and ever!

Shaun Shibey Abraham

Class: 2 H

Rainbow rainbow where are you?
Are you hiding in the sky?
I want to see you every day.
Seven pretty colors make you beautiful
Please appear in the sky everyday
Watching your glorious look,
Create love and happiness in life
Oh, I wish that I could fly and touch you!

ANGELINA SHERINE
Class: 2 N

My best friend

I miss my friend, back from school
It's been months since we played around the school pool
Days have gone by with nothing much to do
I wait for the day I will get to be with you.

Summer has gone by without sharing my pencils with you
I look forward to the next summer when things will be cool
Soon this pandemic will be gone with the sand
We will get through this by washing our hands.

Hoping and dreaming of the day we meet,
On that day it will be my treat.
Club sandwiches or Kitco chips you can choose,
It will be a day to remember, I miss you.

Sarah Antony

Class: 2 D

My Promise

Each day I will do my best,
And I won't do any less,
My work will always please me, And I won't accept a mess,
I'll color very carefully, My writing will be neat,
And I simply won't be happy, "Till my works are
complete" I'll always do my homework, And I'll try
on every test,
And I won't forget my promise, " To do my very best".

Class: 2 K

My Little Friend

I have a betta fish,
His name is little Jack.
Swimming round and round,
In his little fish bowl.
He has pretty fins.
When I feed him his food,
He swims up to the top
And eats all the fishy flakes.
We talk with words so silent,
That nobody can hear.
My little sunshine swimming round & round
Singing plish, plish, plish!

Adithi Bipin
Class: 2 J

Keeping myself engaged in the Pandemic era

Staying positive during the Pandemic.

I engage myself doing things which I like.

Even though school is closed,

I engage myself in online class.

I sing, dance and read books,

Which gives me immense pleasure.

Staying positive during the Pandemic.

I learn something new every day.

I also spent time doing art,

Which makes me happy from the heart.

I chat with my friends through video call,

Which makes us connect even when we are apart.

Chinmayi Bharanidharan

Class: 2 P

Books

Books are a need,
To read and grow.
They fill our mind,
With a wonderful glow.

Good books are like best friends,
They give us a new life,
Filling us with knowledge so good,
As you read them every day.

Books tells us interesting stories,
Of bold princess and beautiful fairies.
They take us to a magical world,
Of talking rabbits and tiny dwarfs.

If you read a few,
You will surely know,
Books are good for you,
I tell you this for true.

Nataania Maria Kuriakose

Class: 2 Q

My Pet Cat

I have a pet cat.

My cat is the most attached to me .

All my friends and relatives also love my pet cat.

Hanging out with my pet cat always makes me feel happy.

My pet cat keeps me company all the time.

So that I never have to be alone.

I hope my pet cat lives forever.

Cats are great pet.

Pet cat give you their attention.

Cats are very cute looking animal.

STORIES

I Saw A Dream

One day my mother scolded me. I felt bad. I went to the park because I was upset. I sat under a tree , then suddenly I heard a voice. I looked here and there. There was a Magic Tree. It was calling me “ Aizah ! Aizah ! Come here, I will give you an apple. Eat my apple” An apple fell down. I ate that apple. It was very tasty. I ate all the apples. The tree got angry. It shouted at me , “why did you finished all my apples ? Now, I would not let you go home". I started crying, requested it to leave. Then I heard “Aizah why are you not getting up ? You are getting late “. Then I opened your eyes , I saw my mother. I hugged her tightly. It was a Scary Dream.

My visit to Burj Khalifa

I have visited to one of the tallest buildings in the world . Its name is Burj Khalifa . It was built in 2004 in Dubai . I visited Burj Khalifa with my family and my friend . First we went in a beautiful light decorated lift which took us to 125 th floor . I could see all the buildings and vehicles as tiny as a toy. I was so excited. There was a telescope through which I could see all of Dubai from one place. It was a very beautiful memory and I enjoyed it a lot. Thank you

Darshit. B.Kunchur

Class: 1 C

My Promise

I will talk about 'My Promise' which made me learn a lesson.

When we make promises, they are never to be broken.

Once my momma made me vow in our kitchen, The candies in the red jar are never to be taken. I just faked taking an oath. So, that she doesn't bother us both. By both, I meant my brother and I, Who always have a habit to sulk and sly. After five days, my momma noticed the red jar was empty. When she opened the cabinet to give it to my aunty. She was upset and furious about the candies stolen, She questioned me on why my moral had so much fallen. I shamelessly said, "Promises; just words, no harm even if broken". "So what is the big deal if the candies meant for us were taken?" My momma stayed quiet to make actions speak louder than words! And the very next day she purposely came late from her work! I failed my test that day as she was not there to help me revise. And she also modestly said, "That's the broken promise price." I learnt my lesson the hard way by paying a huge price. I never break my promises now and I give you the same advice.

Class: II B

Creative Indoor Christmas

Christmas is just round the corner and it is just as different from other years as 2020 has been. No Christmas shopping, no carol services, no Christmas gatherings but that's no reason to be depressed and all bored. Here are a few creative ways that I have found to make the best of this season. Grab a few household materials and you are all set for a creative Christmas right inside your home with loads of fun with your family.

- **Dough ornaments** – Is mom making Chapati or Poori for dinner? Ask her for a little uncooked dough and shape it into a beautiful star or tree. Once it is dry, paint it with festive colors, tie it with a string and there you have it, your own Christmas ornament ready to be hung up!
- **Christmas garland** – A few strips of green and red paper is all you need. Make rings out of the strips of paper and interloop them together. You can make this as long as you want it to be to really deck the halls with Christmas cheer.
- **Festive slime** – All you need for this is liquid glue, corn starch water, glitter and red or green food color. Mix them in the right amount to have hours of Christmas fun with red or green slime. Of course! Your mum has to agree to a little bit of mess made on the table!
- **Hand-written letters to family members** – This is a great way to practice hand writing and have fun all at the same time. Write cute and loving letters with loads

of drawings and stickers to your family, put them in envelopes and keep it under their pillows for them to find on Christmas day.

- **Christmas memory games** – Search for “Christmas memory game” on Google and print out the free printables, cut them out and have late night fun with your family playing this awesome memory game.
- **Reading a Christmas story with hot chocolate** – Sure we read stories all the time and sure, we drink chocolate milk any day but doing them together in a cozy corner with all your family makes a big difference.
- **In house Carol rounds** – Get your Santa hats out, dress up in red and white, put a few chocolates in a box and have a carol rounds just for your mom and dad or grandparents. Knock on their bedroom door, sing a cheerful carol, give them chocolates and see the smiles on their faces.
- **Christmas movies** – Download Christmas cartoon movies from the 1990’s which comes with a lot of Christmas meaning and good cheer. They may not be as spectacular as animation movies but you will find yourself enjoying it just as much.

I have found all these activities to brighten up these days when we have to spend a lot of time indoors. Hope they will cheer you up to have a delightful season this year. Wishing you all a Merry and Creative Christmas!

Class: 2 F

Sadie's Big Adventure

There was once a girl named Sadie. She loved forests, sea and animals. One day, she decided to go to the forest. When she reached the forest, she found some monkeys! So, she played with them for a long time. She ate some fresh fruits with them too. After eating the fruits, she went to swing with the monkeys. Then, she went near a river. She decided to cross it. Then she slowly jumped on the back of the crocodiles. After she jumped on the crocodiles' backs, she went swimming in the river. Then she saw many cute fish. Then she went home. She had lots of fun. This was her best day ever.

The End

Class: 1 L

Christmas

My favorite festival is Christmas. We celebrate Christmas by decorating Christmas tree as a family. We go buy gifts for each other. In Christmas, we always have a great time. We bake cookies and cakes to celebrate. We go and pray to God at church. We celebrate it because of the birth of Jesus Christ. I go out with my friends, family and relatives. I play with my friends. I go to my relatives house and sometimes they come to my house. I wish them a merry Christmas.

Thank you

Mark Mina

Class: 1 C

My favourite festival is Diwali

I love to celebrate diwali with my family and friends.

We celebrate it by bursting crackers.

It is magical to watch the crackers light up the night sky.

We also decorate the house by lighting pretty lamps and diyas.

My mother makes tasty sweets and snacks during diwali.

She also cooks a special breakfast, lunch and dinner for the special diwali day.

We distribute and share the sweets we make at home with our friends and neighbours.

My parents get us new clothes to wear for diwali we all look very pretty.

I have so much fun bursting crackers and toy guns with my friends.

Even if the crackers are fun to burst it also causes air pollution and scares animals.

It also causes problems for people with health issues. So, we should burst eco-friendly crackers only.

Shasmitta Umasankar

Class: 2 G

Love your glasses? Yeah, me too.....

We know some kids need to wear glasses, they come in all different shapes and colors. I wear them and I look cool. Here is the story that changed my life.

My start off in LKG was not as good as every other kid in my class. Learning was always challenging; words all jump around page and letters were always fuzzy and weird. One day while I was playing with my brother, a piece of color pencil accidentally hit my eyes, it turned red and watery. My mom rushed me to hospital. The doctor checked my eyes prescribed medicines. The real story begins when doctor said that I must wear glasses.

I was sad, I thought I looked very bad in them, but my mum and dad told I looked cute. In about a weeks' time my glasses were ready. When I first wore them, it was like a fairy tales "pixie dust" applied on my eyes. I could read everything clearly, the whole world looked bright and colorful, words stopped dancing and letters never jumped off the page.

I love my glasses they are pretty and awesome. The end of my tale hope you enjoyed.

Steven Suman

Class: 1 Q

★ Our Beautiful Earth ★

Look at the beautiful Earth around us. Shouldn't we protect the Earth? Let us take good care of the Earth like how we take good care of ourselves. Let us reduce cutting down of trees and polluting the air because air helps us to breathe and live. The trees on our Earth take in carbon dioxide and produce clean air for us to breathe.

We should not pollute water because we always need water to live and survive every day. If we keep polluting water, it is dangerous not only for us but also for the plants and animals too. Well, now you know not to harm the Earth. Remember the Earth is your home and your only means of survival. So let's join hands together and take care of this beautiful gift from God.

Brian Mathew

Tom and the little boy

Once upon a time, there lived a boy named Tom. On Christmas eve, Tom went to a Christmas party. On the way back home, he saw a little boy who looked sad. He was sad because he was not invited to the party.

Tom gave some sweets to that little boy and took him to the party. There they had a lot of fun together. They danced, ate tasty food and sang Christmas carols too.

After the party they both went home happily.

Class: 1 Q

Online Learning Experience

Online learning experience has been a great experience for all of us. All the teachers are taking a lot of effort in helping us understand our lessons. Gadgets like computers, tabs, laptops are used for online classes. I use tab to learn all my subjects through online classes.

Online learning has made me lazy. I used to be ready for school by 6:30am but now I sleep late and wake up late. I miss going to school by bus, my friends, my teachers, playing in school. I hope I can go back to school as soon as possible, spend time with my friends and learn from my teachers.

Namith Shetty

Class: 2 I

★ My Favourite Game ★

★ I don't play with cars or toy planes. I play with kings, queens, rooks, bishops, knights and pawns. Yes, you have guessed it right. My favourite game is CHESS. It stands for chariot, horse, elephant and soldiers. I started playing chess at the age of five. At first, I played with my big brother and father and lost all games. Then I started watching videos on YouTube and learned a lot of tactics. Recently I joined a chess class. My classes are online. We have learning and playing sessions. There I can play with children all over the world. In between we have tournaments also. I get cash prizes according to the position I reach. Now I have started winning matches. I even beat my dad and brother. I feel so happy. Playing chess helps to develop my focus and improve my skills. My teacher says so. I watch videos of chess to learn new tricks. I like them more than cartoons. I practice chess every day. I want to be a grandmaster. That's my real aim in life.

Nathan Varghese Sajan

Class: 1 K

Keeping yourself engaged in the pandemic era

In my garden, there are many tomatoes, ladyfinger, potatoes, ginger, chillies, all dangling from the sticks. Last year, my garden was very messy. None of us had time to care for them as we were engaged with other important things of life. I was also too busy with school, friends, and play.

The turning point happened during the Covid-19 lockdown; my parents let me garden every day. Since, I was bored, I did it passionately. I watered the garden every day and whenever I wanted to know how to do something, I watched a YouTube video, and then I grew the plants till it was ripe. After a good wait, I finally collected all the vegetables we grew with my dad. When we ate them, they were delicious, Nowadays, my garden is looking as green as ever. Seeing the vegetables grow, I get hope for better times to come.

“Many little people, in little places, doing little things, can change the world”.

Nathan Vinoraj
Class: 2 J

Corona – A Bitter Truth

Corona has created lots of chaos in our life. Many people lost their lives. The old age people and kids are locked in their houses. Our economy has become weak. Is this the full truth – No, because this virus has made us more independent. Now we eat more healthy food and are doing more exercises. Online classes are helping students with their studies. Kids are spending quality time with their parents. And I believe, we will surely win over this pandemic. Someone rightly said: Winners are made from hard work only.

Quraish Asif

Class:1 P

Car Racing

One day I was driving my red car on race track. There are so many cars like blue car, yellow car, green car etc. The crowds are cheering me up. I am driving fast to become first and was enjoying. Suddenly I got a turn and put my break. Then i heard a loud screaming sound and that matches my MOM' s voice..... Then I knew that it was a DREAM. and I was kicking my MOM as break 😊..... From that day onwards whenever I see a racing car, I can hear my MOM's screaming. 📢📢📢..(P.S. kicking mom, if it is in dream also injurious to health and I said sorry to her for what happened that day.

Aban

Class: 1C

Safety-Aid (First Aid)

First aid is the initial treatment given to a victim. First aid is a temporary treatment. Many students experience accidents while they are at schools. The accidents might lead to simple injuries, serious wounds or fractures. Without an initial medical assistance, a mild injury might turn into a serious one. Moreover, serious injuries when not treated on time can be fatal. To ensure the safety of all the staff members and students, it is important to have first aid in the schools.

Importance of First Aid in Schools:

- Promotes the sense of safety.
- Quick treatment.
- Prevents victim's condition from becoming worse.
- Helps preserve life.
- Makes people feel secure.

The basic First Aid knowledge helps in treating:

- Bleeding
- Burns
- Heatstroke
- Unresponsiveness or unconsciousness
- Head injuries
- Bone injuries
- Muscle injuries
- Joint injuries

- Choking
- Fainting
- Chest pains
- Asthma
- Allergic reactions.

Class: 2 K

Rainbow

The Rainbow looks so beautiful. It has seven beautiful colours. To remember the colours of the rainbow you should know one word which is VIBGYOR. The full form of VIBGYOR is V for violet, I for indigo, B for blue, G for green, Y for yellow, O for orange and R for red. The shape of rainbow is semi-circle. We can see it when rain goes and sunrays comes to the earth. I wish I could fly and touch the rainbow, but it is not possible. But it still looks so beautiful from the ground.

Sanvi Rahangdale

Class: 2 L

Books

Books are a great source of knowledge and information. Reading books is a very useful activity that exercises our brain and improves our concentration. Books encourage our thinking and develop our imagination through stories.

Books improve our vocabulary and make us more confident. Books help students learn about people places and events. Books can be of many forms such as stories, poems, novels, science and history. We should develop a habit of reading by selecting good books.

Reading books is one of the best ways to refresh our minds and stay active. Books are our best friends as they help us learn various lessons of life. Books play an important role as our teacher, guide and friend in our lives. When we read books regularly, we become very good in language and we can speak and write better. I am a book lover and can read books every day.
