

MORE STUDENTS OF FAIPS QUALIFIES IN DELF B1

The FAIPS-DPS takes pride in celebrating the remarkable success of its students in the DELF Junior B1 examination held in February 2026. Their success reflects strong preparation, dedication, and growing confidence in using French in real-life situations.

This year's results show a high level of achievement across all language skills, including listening, reading, writing, and speaking. The exam also highlighted the students' ability to communicate more independently in French. The results reflect not only the linguistic progress of the students but also their commitment to mastering French as a global language of culture and communication. Our students have distinguished themselves with exceptional performances in DELF Junior exams which serve as a benchmark for proficiency in the French language.

"Preparing for DELF B1 taught me how to think and express myself in French with real-life topics", said one of the students.

"The DELF B1 level marks an important milestone and our students demonstrate independence in using French for authentic communication," said, Mr. Ravi Ayanoli, Principal, FAIPS-DPS. On behalf of the management, he congratulated **Sarusha Munusamy and Avni Kemani** on this important milestone and appreciated Mr. Daniel Jeyakar Sahayaraj, HoD, French Department, the French teachers and parents who supported them throughout their preparation. Their success is a proud moment for the whole FAIPS community.

Students who have passed DELF Examination held in February 2026.

Sarusha Munusamy - Class :XII

Avni Kemani -Class XII
